

NORTHWIND STORE PERFORMANCE

By Minh — 04-01-2023

In the Northwind store, we're selling foods and other revealment products.

IT'S ALREADY END OF QTR2.2016, SO WE FINALITY
NEED A LOOK BACK TO SEE WHAT WE'VE DONE –
OR – HOW MUCH WE'VE GAINED.

WE WILL MAKE A DASHBOARD TO SEE THAT.

1. Overview dashboard

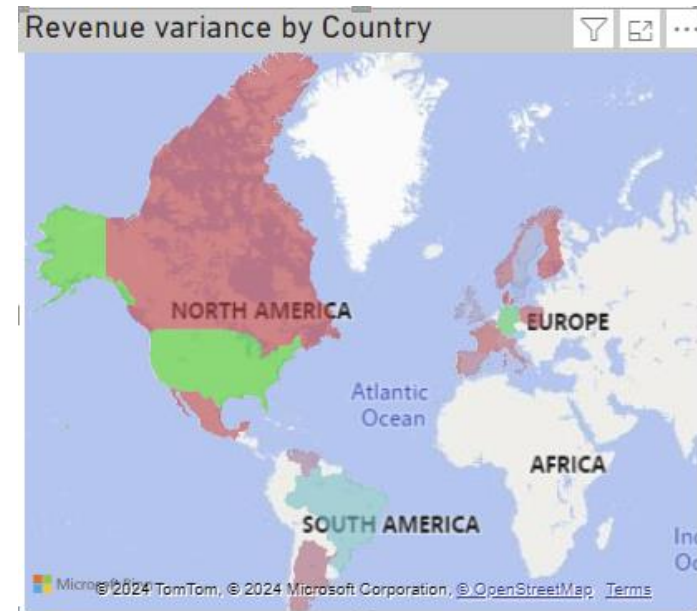

Pic.1. Overview Revenue (KPIs, YTD...)

Overview Revenue:

- Total: ~ \$1.3 million (in the whole period)
- All 3 regions have positive revenue compare of half year 2015 vs 2016

Pic.1. Overview Revenue (KPIs, YTD...)

1. Overview dashboard

Revenue of Country group in half quarter 2015, 2016

● rev_2016 ● rev_2015

↓

In the same period (2 quarters)
on 2015 vs 2016, revenue each
country area almost increase in 2016

Revenue variance by Category

↓

Overall, the company's
revenue is focused on Beverages
and Dairy Products

Pic.2. Overview Revenue (by Country, categories..)

2. Europe's Revenue attribution

Is Beverage and Daily Products revenue distribution mainly from Europe?

Revenue in Europe (half quarter 2015, 2016)

In Europe, Germany & Austria is 2 countries hold the main revenue distributions

Pic.2.1. Europe's revenue attribute by Country

2. Europe's Revenue attribution

Is Beverage and Daily Products revenue distribution mainly from Europe?

Beverages & Daily products are mainly sold in Germany & Australia

Pic.2.1. Europe's revenue attribute by Country

2. Europe's Revenue attribution

Compare in the same period of quarter in 2015 – 2016:

Pic.2.2. Germany's purchasing status for each categories

Pic.2.3. Austria's purchasing status for each categories

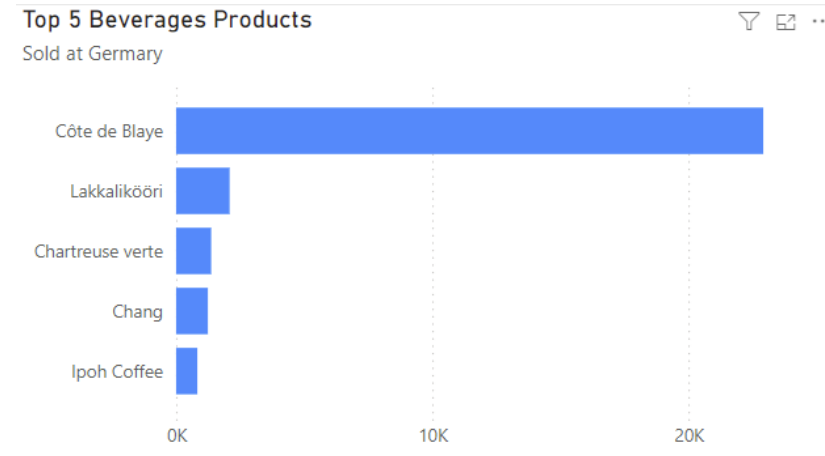

1. Bevergares is sold mainly in Germany, meanwhile Daily Products have good sold out in Austria
2. Some categories have not sold in period of 2015, and starting to sold in half of start 2016's (ex: Seafood)

2. Europe's Revenue attribution

Top 5 products being sold in Ger & Au

Pic.2.4. Top 5 products being sold in Dairy Products category

Pic.2.5. Top 5 products being sold in Beverages category

3. Customer's Status

Pic.7. Overview Customer Status in all period

- Overall, customer variation is normal (New customer mainly from 2014/Jul -> 2015/Jan, return amount is not bad)
- By RFM model, our customer's segment is not that good (mainly At Risk -> Promising, a little of Recent & Loyal Customers)
- We have small amount of those tagged as Lost => Focus not make At Risk group become Hibernating -> finally Lost

3. Customer's Status

Pic.8. Overview Customer Status in all period

- South America have least customer amount => We could give a try to develop more service on this region.
- Most of customers are in Europe.

What is the main categories in North America and South America?

4. Purchasing's habit in North America

Top 5 products is sold in North America

In half of 2015

CategoryName ● Beverages ● Condiments ● Dairy Products ● Grains/Cereals ● Meat/Poultry

Top 5 products is sold in North America

Half of 2016

CategoryName ● Beverages ● Confections ● Dairy Products ● Meat/Poultry

Pic.9. Purchasing habit in North America

- We see no clearly sign here except product called "Cote de Blaye" in Beverages category is the most sold both in half 2015 & half 2016
- There is no fixed sign in any categories being the most sold in top 5, and the purchasing habit of customer tend to vary by time (in 2016 there are 2 categories have not being in top orders anymore)
- Customer's need is likely to be spread in 3 categories over time: Beverages, Dairy Products, Meat/Poultry

4. Purchasing's habit in South America

Top 5 products sold in South America

In half 2015

CategoryName ● Confections ● Dairy Products ● Produce

Top 5 products sold in South America

In half 2016

CategoryName ● Beverages ● Dairy Products ● Seafood

Pic.10 Purchasing habit in South America

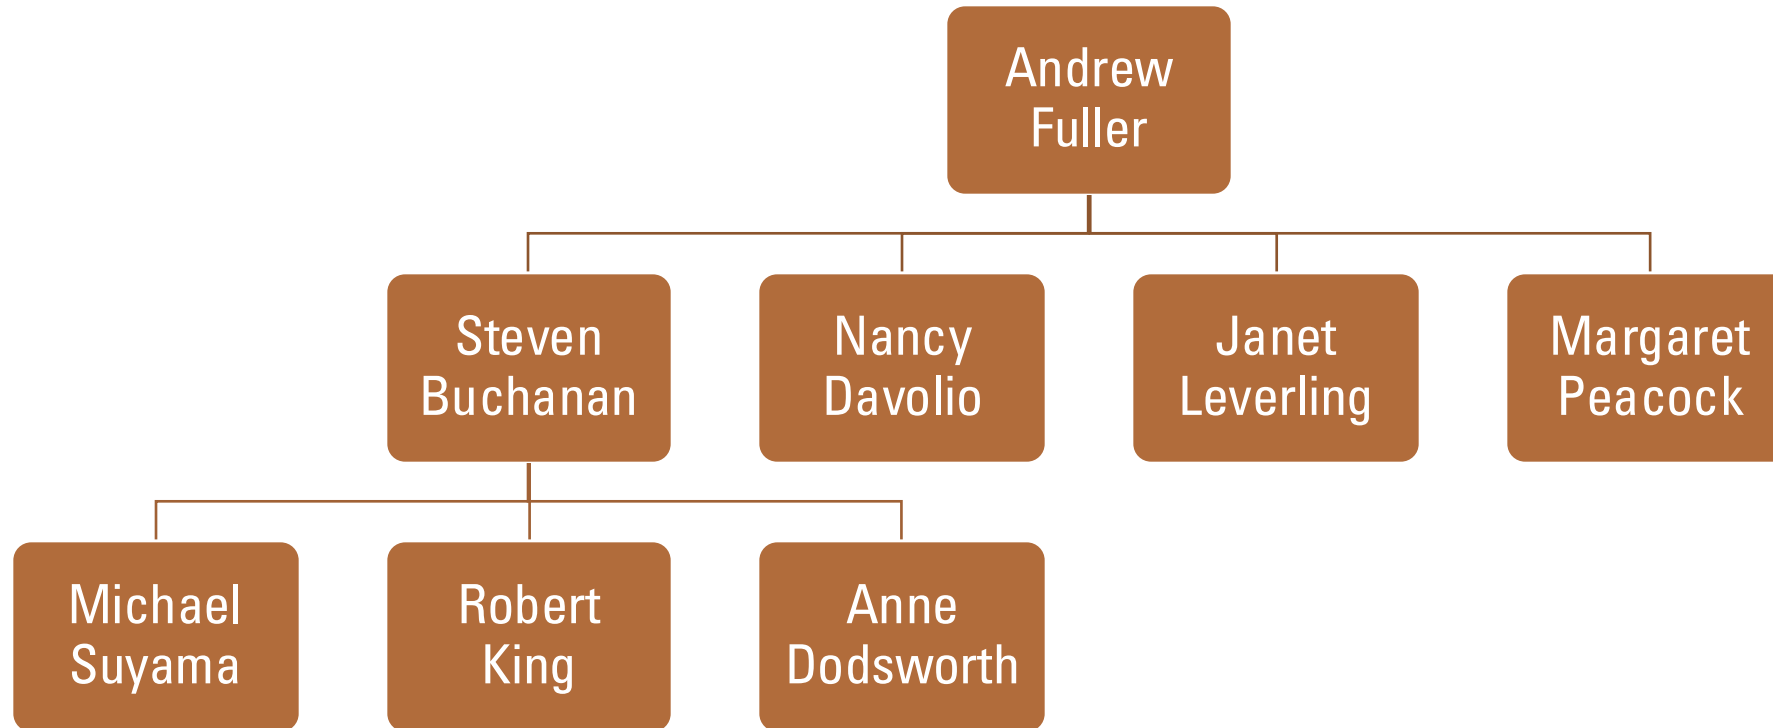

- We see nothing could be the sign of which Categories are the most sold in South America, except Dairy Products is the only one Category which is sold and ordered both in half 2015 & half 2016

Employee performance

revenue_2015 ● revenue_2016

1. Employee's organization tree

2. Employee's overview performance

Overview Employee's Performance:

- The only employee have negative performance is Peacock
- Davolio & Dodsworth are 2 employees have amazing performance (above 100%)

Pic.8. Overview Employee's performance

2. Manager line performance

Overview Manager Line Performance:

- Thanks to amazing performance of Dodworth in Buchanan's team, the performance team of Buchanan is up greater than half of year 2015
- It's great than all manager's line have good performance from half year of 2015

Pic.8. Overview Employee's performance

2. Delivering late - overview

Pic.9. Employee's late delivering overview

We have some problem:

- According to the delivering late percent (per total delivered orders) => ***Dodsworth seems to be struggling in the delivering step***
